Due to the nature and scope of the CMPMP, the need to ensure we respond to changes in the System and changes in our Medical Practice Management; specific sections of this document may be modified as necessary by OMD staff.

The "COG Designated" (Core Principles and Patient Care Guidelines) content areas and documents, are only modified at the discretion of the Medical Director. This revision is the regularly scheduled annual update.

The item descriptions included with this Medical Directive are excerpts of the complete Professional Practices, Core Principles, Patient Care Guidelines (PCG) and Appendix changes. Refer to the individual section (s) of CMPMP (v10.01.09) for details and context.

With the posting of this document on the www.ATCOMD.org web page and the publication of this Medical Directive; the updated CMPMP (v10.01.09) is formally released. The deadline for System implementation of these updates is 0700 on 12/01/09. This implementation date will allow for a two months integration period for all System Organizations. Implementation of the updates may incrementally occur at any time during this period.

Credentialing Examinations taken during the integration period will be based on current CMPMP v10.01.08A prior to updates.

Thanks for all you do. As always, please let us know if you have any questions...
